For Immediate Release

KUB Contractor to Close Section of Sue Clancy Greenway Near Adair Park *Part of an Ongoing Wastewater Collection System Project in the Adair Creek Area*

KUB and its contractor will close the section of the Sue Clancy Greenway on the south side of Adair Drive starting in mid-August and lasting through late September 2021 as part of an ongoing wastewater collection system improvement project in the vicinity of Adair Creek.

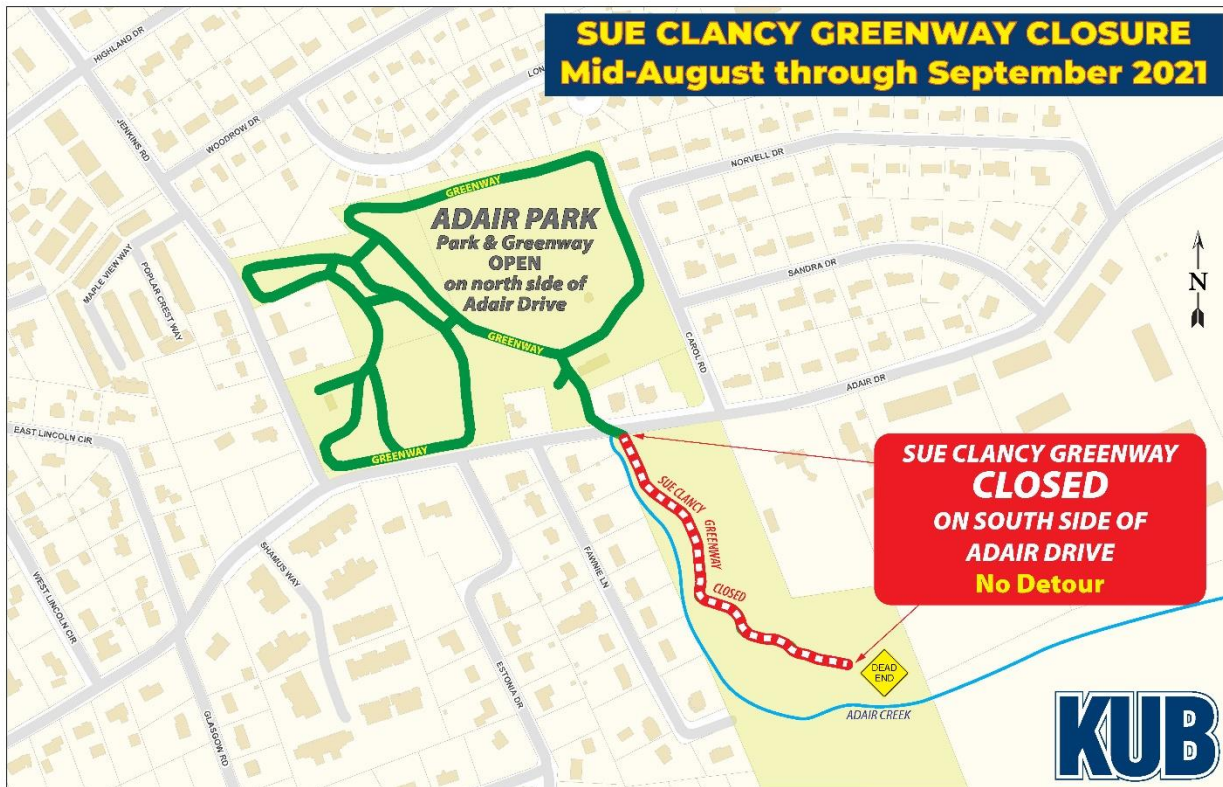

This section of closed greenway extends approximately a half mile to the south of Adair Drive and dead ends at Adair Creek.

A detour route is not available. Adair Park and the greenway on the north side of Adair Drive will not be affected by this work.

The impacted section of the Sue Clancy Greenway will be closed continuously throughout the duration of the work. KUB asks greenway users to please respect the signage and barricades in place, and to avoid this section of greenway due to ongoing excavation, as well as the presence of construction equipment, materials, vehicles, and workers.

KUB thanks City of Knoxville Parks and Recreation for their assistance with this project, and its customers for their cooperation. Customers with questions or concerns can call (865) 558-2331 after normal business hours to leave a message that will be followed-up with a call from a KUB representative by the end of the next business day.

See the attached map of the closure area on Page 2.

KUB is a municipal utility serving Knox and parts of seven adjacent counties and provides electric, gas, water, and wastewater services to more than 468,000 customers.
